### BOARD OF DIRECTORS Mev Hoberg Sheila Jakubik Tim Kinkead Mike Spence Patty Fielding

SUPERINTENDENT Faith A. Chapel

8489 Madison Avenue NE

Bainbridge Island, Washington 98110

(206) 842-4714

Fax: (206) 842-2928

### Board of Directors Meeting June 25, 2015

### REVISED CONSENT AGENDA

### 1. Staff Travel: Out-of-State

Request for board approval from Bainbridge High School Social Studies Teacher Amanda Ward to attend Hope Street Group Teacher Fellowship in Nashville, TN, September 10-13, 2015 for professional development.

### 2. Donation (NEW)

Donation to Bainbridge High School for supplemental classroom supplies, an AED cabinet and prom ticket scholarships in the amount of \$1,737.43 from the BHS PTSO.

### 3. Donation (NEW)

Donation to Bainbridge High School for cheer uniform scholarships in the amount of \$1,550 from the BHS Cheer Boosters.

### 4. Donation

Donation to Blakely Elementary School for field trip support, Assistive Tech Industry Project, banquet tables, art supplies and meeting support in the amount of \$3,612.58 from the Blakely PTO.

### 5. Donation

Donation to Wilkes Elementary School for outdoor education tuition scholarships in the amount of \$11,848.12 from Wilkes PTO.

### 6. Donation

Donation to Ordway Elementary School for outdoor education support in the amount of \$1,917.06 from Ordway PTO.

### 7. Donation

Donation to Sakai Intermediate School for speakers and afterschool club stipends in the amount of \$12,663.57 from Sakai PTO.

- 8. Minutes from the *June 10*, 2015 School Board Meeting
- 9. Minutes from the May 19, 2015 School Board Study Session (NEW)

### 10. PAYROLL June 2015 Warrant Numbers: (NEW)

(Payroll Warrants) 1002072 through 1002076 (Payroll AP Warrants) 172856 through 172882

Total: \$2,979,521.15

11.	Vouchers	
	General Fund Voucher (NEW)	\$17,887.51
	> ASB Fund Voucher (NEW)	\$128,962.22
	➤ General Fund Voucher	308,035.07
	Capital Projects Voucher	\$7,146.00
	Capital Projects Voucher	\$66,594.05

### BAINBRIDGE ISLAND SCHOOL DISTRICT NO. 303 SCHOOL BOARD STUDY SESSION MINUTES

Date: May 19, 2015

Place: Board Room

### **Board of Directors Present**

Board President – Mev Hoberg Board Vice President – Sheila Jakubik Directors – Mike Spence, Tim Kinkead, Patty Fielding

### Call to Order

4:40 p.m. Board President Mev Hoberg called the study session to order.

The Facility Master Plan Committee: Jeff Bouma, Jason Collins, Jennifer Solseng, Kristen Haizlip, Reese Ande, Tim Harris, Janet Woolever, Vicki Clayton, Mary Curtis, Betsy Greene, Tom Kilbane, Margaret Powers, Aaron Murphy, Bernie Meija, John Gray, Tamela VanWinkle Consultants: Craig Stauffer, Sharon Kennedy, Laurie Pharr, Dave Trageser, Butch Reifert

### **Topics for Discussion**

A. Physical Assessment: Program Assessment

Capital Projects & Facilities Director Tamela VanWinkle briefly reviewed the history of the Facility Master Plan. A master plan was created for the district in 2005 – a complete analysis of all of the district facilities and their ability to meet the educational programming needs. Ten years later, the BHS 200 building and Wilkes have been replaced and essential renovations have occurred.

Mahlum Architect Butch Reifert reviewed the district building structures with a comparison to a model educational program. A building assessment was developed for each site. Four of the district facilities were identified as being in poor condition relative to OSPI evaluation criteria: Blakely, Ordway, Commodore and the 100 building on the BHS campus. Model programs that were developed during the first master planning process were confirmed and slightly modified using the district vision, potential legislation (McCleary, I-1351) and regional data as a guide for elementary, intermediate, middle, high school and options schools programs. Construction and non-construction (soft) project costs were calculated. Soft numbers were calculated with a 48.2% mark-up for new/replacement. Modernization soft costs were calculated at 55%. Non-construction "soft" costs include (every district pays these costs):

- Architect/Engineering/Consultant Fees
- Owner Consultants
- Washington State Sales Tax
- Testing and Inspection
- Permits
- Builders Risk Insurance
- Furniture, Fixtures and Equipment
- Construction Administration Management
- Staff Planning and Moving
- Sustainable Schools Monitoring
- Construction Contingency
- Contingency

Non-construction Related Costs include (variable costs): Construction Administration Management

- Capital Staffing
- Legal Fees
- Admin. Support

Bond Issuance Fee

### B. Summary of Finding & Capital Costs

### Blakely Elementary School 43,505 GSF

The consultants looked at what needs to be addressed in the next 5-8 years. The immediate needs include: separate bus loop drive, modify student load and unload, provide ADA ramps/walkway, replace playground equipment, replace fire alarm systems, replace intercom system, upgrade toilet fixtures to ADA compliance and upgrade egress lighting, replace water heaters, hot water recirculation pumps, replace boilers, building control systems, electrical distribution systems, technology upgrades, add cafeteria. Other consideration include: replace the HVAC system (at end of life but will impact the structure) and provide lateral and shear support to meet earthquake code requirements, structural modifications and upgrades to support program and system modernizations.

Director Patty Fielding asked if building codes would be triggered with the enhancements. Reifert responded that the changes and improvements would consider building codes in the implementation.

An elementary school model program is 65,150 GSF (67,130 GSF with functional skills at Ordway). Core instruction, special education, functional skills, STEM, tech, library/media center, physical education, food service, commons/cafeteria, administration, student services, faculty/staff support, building support. Assumptions: 450 students (pre-k thru 4) with infrastructure for 650, central food prep off-site, gymnasium, functional skills (Ordway only), interior corridors.

Summary of Findings: \$28,821.865 Additions/Modernizations: \$38,156,500

New in Lieu: \$38,964,667

Postpone/Patch/Repair: \$3,947,625 Other Considerations: \$1,509.452

### McCleary Bill

Summary of Findings: \$33,260,062 Additions/Modernizations: \$40,844,200

New in Lieu: \$41,534,455

Postpone/Patch/Repair: \$3,947,625 Other Considerations: \$1,509,452

### Ordway Elementary School, 52,000 GSF

The consultants looked at what needs to be addressed in the next 5-8 years and identified what needs to be postponed, patched and/or repair. The immediate needs include: revised bus load and unloading, pedestrian safety improvements, ADA access improvements, replace fire alarm system, allowance to upgrade building for ADA compliance (access to stage), replace hardware to all exterior doors, master clock system upgrade, technology and data closets, add modular cafeteria, HVAC system and controls.

Director Fielding asked about the addition of cafeterias within all of the schools. VanWinkle responded that instructional time suffers without a cafeteria – approximately 15 to 20 minutes a day.

### 7,500 Gross Square Feet

Enclose covered play area and convert to cafeteria, new infill

### 67,130 Gross Square Feet

Modernization and new administration, library, gym, classrooms, food service

### 71,410 Gross Square Feet (McCleary Bill)

Modernization and new administration, library, gym, classrooms, food service

### 67,130 Gross Square Feet

Summary of findings: \$29,817,343 Additions/Modernizations: \$38,090,158

New in Lieu: \$38,891,842

Postpone/Patch/Repair: \$2,180,760 Other Considerations: \$4,397,809

### McCleary Bill

Summary of finding: \$34,989,076 Additions/Modernizations: \$40,844,200

New in Lieu: \$41,718,608

Postpone/Patch/Repair: \$2,180,760 Other Considerations: \$4,397,809

Superintendent Chapel asked for clarification on portables. The portable square footage was not calculated into the current square footage for the schools per OSPI guidelines. Portables are being utilized for some music rooms, computer labs and classrooms. Reifert responded that footnotes refer to the portable usage at each school.

### Wilkes Elementary School

Potential legislative measures to reduce class size (McCleary) would require the addition of 5 new classrooms.

### McCleary Bill

5 New Classrooms: \$3,305,966

### Sakai Intermediate School, 63,228 GSF

Intermediate School Model Program 72,892 GSF

The consultants looked at what needs to be addressed in the next 5-8 years and identified what needs to be postponed, patched and/or repair. The immediate needs include: Revise relief dampers at the south building wall to avoid letting cold air into the classrooms, replace boilers, replace 2 sewer pumps. Other considerations include: Replace fire alarm system, upgrade intercom system, integrate master clock, replace 2 water heaters, replace vinyl surface on the gym wall, repaint interior of the building, replace HVAC controls, upgrade lighting controls to meet energy code.

Total Immediate Asset Preservation: \$599,343

Total Asset Considerations: \$1,566,963

Site health and safety improvements include ADA accessibility and the addition of a cafeteria.

Summary of findings: \$2,557,465 Additions/Modernizations: \$5,325,387 Immediate Asset Preservation: \$599,343 Asset Considerations: \$1,566,963

### Woodward Middle School, 98,645 GSF Middle School Model Program 102,825 GSF

Student load and unload improvements, ADA access for buses, add exhaust ventilation, replace water heaters, repair or replace modular buildings (6).

Summary of finding: \$13,510,203 Additions/Modernizations: \$3,328,237 Immediate Asset Preservation: \$1,421,537

Other Considerations: \$6,780,597

Director VanWinkle stated that the portables at Woodward are in need of immediate repair. A conversation needs to occur around replacing the portables with new portables or a permanent structure.

### **Bainbridge High School**

100 Building, 41,509 GSF

The 100 building is one of the older buildings in the district. The building requires renovation of: fire sprinkler, smoke detectors, water fountains, water pipes, exhaust ventilation, roof and canopy, HVAC, lateral and shear support, electrical distribution panels and circuitry, voice and data system.

Summary of Findings: \$15,378,622

New in Lieu: \$27,022,727

Postpone, Patch and Repair: \$7,183,578 Other Considerations: \$1,269,266

### **Bainbridge High School**

300 Building, 64,216 GSF

Postpone/Patch/Repair numbers include the immediate needs: fire alarm, smoke detector, plumbing fixtures, telephone and technology infrastructure, ventilation, master clock.

Summary of Findings: \$6,690,254 Immediate Asset Preservation: \$653,756

### Bainbridge High School

400 Building, 36,144 GSF

Postpone/Patch/Repair numbers include the immediate needs: fire alarm, voice and data system, master clock

Summary of Findings: \$4,124,189 Immediate Asset Preservation: \$145,846

### Bainbridge High School

500 Building, 32,818 GSF

Postpone/Patch/Repair numbers include the immediate needs: fire alarm, switchboard and electrical distribution system, lighting control, master clock, west wall (water intrusion), interior of lower gym.

Summary of Findings: \$10,756,027

Immediate Asset Preservation: \$3,665,317

With the 100 Building having a high dollar amount for the immediate asset preservation and total summary of findings, a total building replacement was evaluated. A total construction cost of the 100 and 600 building for \$18,233,959 – theater, music, art, special ed, functional skills.

Fielding asked if it was an option to separate the theater from the classroom space as there is a lot of community interest in the development of a community performing arts center. VanWinkle responded that the two may be separated.

### **Commodore Options School**

Postpone/Patch/Repair numbers include the immediate needs: water pipes, seismic upgrades for 1948/51 wing, demolish 1948 south wing, seismic upgrades from 1970/'75/'81 buildings, HVAC, controls of steam system, plumbing fixtures, underground waste mains, ceiling tiles.

Summary of Findings: \$9,338,651

New in Lieu: \$33,097,790

Postpone, Patch and Repair: \$5,524,225

### C. Tax Implications

In a comparison with the other districts in the state, BISD is in the bottom 25% with a 3.2981 per \$1,000 assessed value.

Based on 150 basis points above current bond market interest rates, a 20-year financing structure, the following estimates were made:

### Par Total School Levy Tax Rate Increase (per \$1,000 AV\*)

\$25.3 Million	\$.0711
\$60 Million	\$.1438
\$80 Million	\$.1863

The actual increase in levy rate is dependent on the amount of bonds sold, timing and structure.

Different scenarios are under consideration for the buildings and facilities:

### Consideration #1

School	Summary of	New in	Postpone/Patch/Repair	Immediate	Total
	Findings	Lieu		Asset Preserv.	
Blakely			\$3,947,625		
Ordway			\$2,180,760		
Sakai				\$599,343	
Woodward				\$1,421,537	
BHS 100			\$7,183,578		
BHS 300				\$653,756	
BHS 400				\$145,846	
BHS 500				\$3,665,317	
Commodore			\$5,524,225		
TOTALS			\$18,836,188	\$6,485,799	\$25,321,987

### **Consideration #2**

School	Summary of	New in Lieu	Postpone/Patch/Repair	Immediate	Total
	Findings			Asset Preserv.	
Blakely		\$38,964,667			
Ordway			\$2,180,760		
Sakai				\$599,343	
Woodward				\$1,421,537	
BHS 100			\$7,183,578		
BHS 300				\$653,756	
BHS 400				\$145,846	
BHS 500				\$3,665,317	
Commodore			\$5,524,225		
TOTALS		\$38,964,667	\$14,888.563	\$6,485,799	\$60,339,029

### Consideration #3

School	Summary of	New in Lieu	Postpone/Patch/Repair	Immediate	Total
	Findings			Asset Preserv.	
Blakely		\$38,964,667			
Ordway			\$2,180,760		
Sakai				\$599,343	
Woodward				\$1,421,537	
BHS 100		\$27,022,727			
BHS 300				\$653,756	
BHS 400				\$145,846	
BHS 500				\$3,665,317	
Commodore			\$5,524,225		
TOTALS		\$65,987,394	\$7,704,985	\$6,485,799	\$80,178,178

Costs are currently escalating at approximately 4.5% per year.

President Mev Hoberg asked for input from the advisory committee. The committee shared concerns with the current state of the 100 building and the inequity among the elementary schools – Blakely, Ordway and Odyssey.

From a structural point, many changes occurred with codes due to earthquakes in the 1960's and 1970's. There are structural and seismic concerns with Blakely, BHS 100 building, Ordway and Commodore. The postpone/patch/repair did not include earthquake modifications. The structural engineering consultant stated that it would not be cost effective to bring an older building up to the same level as a new building through modifications.

Committee member Mary Curtis shared that an item to consider is the escalating costs of construction and to ask for a larger bond with staggered construction projects.

### D. Bonds and Tax Implications

Managing Director of DA Davidson Dave Trageser presented the attached scenarios as a benchmark for what the tax rate implications would look like with a median residence value of \$486,000 based on the collection of 2015 taxes.

Director Fielding referred to the 2015 Comparison of School Bonds for King and Kitsap school districts. The list is a snapshot but many districts will be issuing bonds next year. A helpful picture would be comparing the total tax burden for the districts in King and Kitsap.

Director Kinkead asked if there is a choice point for the structured finance piece. Trageser responded that the total school levy rates fluctuate based on the scenario and those listed provide just a starting point for discussion purposes and may be adjusted by deferring principal etc. Trageser assumed 150 basis points above the current bond market interest rates and only a 1% increase in the tax base annually. The prior debt drops off dramatically by 2029.

VanWinkle recommended using available funds from the 2009 bond to engage an architect to start a more thorough analysis of educational program at Blakely and the BHS 100 Building to get a clearer picture of the sites. The post occupancy evaluation for Wilkes will be leveraged in the design of Blakely. The information will be shared throughout the Ed Spec process.

VanWinkle requested direction from the board on what additional information is needed to get to the decision of a bond. With a February bond date, a resolution needs to be approved by the board by October. The bond requests need to coordinate with the levy requests.

Committee member Vicki Clayton suggested that the district consider the addition of a scaled-down 200 seat theater with the elimination of the 100 building theater. A community performing art center joint venture could take a significant amount of time to fundraise and build. VanWinkle proposed investigating a black box (simple/small theater) option. Some districts have both a performing arts center and a black box.

Committee member Janet Woolever suggested replacing the 100 building with a multi-purpose building with a flexible design to move forward with fixing the building then addressing the corner at a future date.

President Hoberg stated that the voters need to see a clear plan for the 4 buildings with some type of a small theater with the 100 building. Hoberg suggested staggered bonds.

Director Spence requested clarity on the total tax burden as well as the 100 building replacement and black box option.

Director Kinkead stated the district needs to invest in the arts and use this time to push the district further rather than just incrementally improving the building.

Vice Principal Kristen Haizlip responded that one semester of theater will be offered next year serving 30 kids. The bigger need is to fix the 100 building.

VanWinkle asked for clarification to prepare a mini Ed Spec for the main campus and a have a separate conversation with an Ed Spec for Blakely. Due to instructional time, VanWinkle recommended a temporary portable for Ordway to use as a cafeteria – see consideration #2.

Director Kinkead asked VanWinkle to merge the Replacement Matrix 2015-2070 with the financials for the upcoming board meeting.

No formal vote was taken. The board reached consensus to move forward with the Ed Spec to provide additional information to the board on Blakely and the main campus. The board would like information on the 100 building as a first bond option and/or as a second bond option. The voters need to hear about both visions at the first bond ask.

The key elements will be presented at the next board meeting for further board discussion. No formal decisions will be made until at least June.

### Adjournment

8:03 p.m. President Mev Hoberg closed the study session

### Gifts and Donations

The Bainbridge Island School Board of Directors recognizes that individuals and organizations in the community may wish to contribute money, supplies, equipment, materials or real property to enhance the school program. The board appreciates such generosity and recognizes the valuable contribution donations can make. Accordingly, the board has established guidelines for the acceptance of gifts in excess of \$1000.

These gifts must satisfy the following criteria:

November 2014

- 1. the purpose of use shall be consistent with the priorities, philosophy and programs of the district;
- 2. minimum financial obligation for installation, maintenance and operation;
- 3. free from health and/or safety hazards; and
- 4. no direct or implied commercial endorsement.
- 5. otherwise consistent with Board Policy No. 6114.

<u>Please Note:</u> The district has defined specific standards for certain types of technology equipment to maximize operational efficiencies and minimize cost. While the donation of technology is greatly appreciated, additional support costs and network compatibility should be reviewed with the Technology Department.

It is also understood that all gifts shall become district property and shall be accepted without obligation relative to use and/or disposal.

### Gifts and Donations

The Bainbridge Island School Board of Directors recognizes that individuals and organizations in the community may wish to contribute money, supplies, equipment, materials or real property to enhance the school program. The board appreciates such generosity and recognizes the valuable contribution donations can make. Accordingly, the board has established guidelines for the acceptance of gifts in excess of \$1000.

These gifts must satisfy the following criteria:

November 2014

- 1. the purpose of use shall be consistent with the priorities, philosophy and programs of the district;
- 2. minimum financial obligation for installation, maintenance and operation;
- 3. free from health and/or safety hazards; and
- 4. no direct or implied commercial endorsement.
- 5. otherwise consistent with Board Policy No. 6114.

<u>Please Note:</u> The district has defined specific standards for certain types of technology equipment to maximize operational efficiencies and minimize cost. While the donation of technology is greatly appreciated, additional support costs and network compatibility should be reviewed with the Technology Department.

It is also understood that all gifts shall become district property and shall be accepted without obligation relative to use and/or disposal.

### PREVENTION OF CHILD ABUSE, NEGLECT AND EXPLOITATION

Child abuse, neglect and exploitation are violations of children's human rights and an obstacle to their educational development. The board directs staff to be vigilant regarding any evidence of child abuse, neglect or exploitation.

For purposes of this policy, the term "child" refers to anyone under the age of 18 who is enrolled in the district, or any other person who is currently classified as a student in the district's database, including home-schooled students.

"Child abuse, neglect, or exploitation" means:

- 1. Inflicting physical injury on a child by other than accidental means, causing death, disfigurement, skin bruising, impairment of physical or emotional health, or loss or impairment of any bodily function.
- 2. Creating a substantial risk of physical harm to a child's bodily functioning.
- 3. Attempting, committing, or allowing any sexual offense against a child as defined in the criminal code. This definition also includes communicating with a child for immoral purposes or viewing, possessing or distributing any sexually explicit images of a child. It also includes intentionally contacting, directly or through the clothing, the genitals, anus or breasts of a child unless the contact is necessary for the child's hygiene or health care. This also includes a child's intentional or coerced contact with anyone's genitals, anus or breasts.
- Committing acts that are cruel or inhumane regardless of observable injury. These
  acts may include, but are not limited to, instances of extreme discipline demonstrating
  disregard for a child's pain or mental suffering.
- 5. Assaulting or criminally mistreating a child as defined by the criminal code.
- 6. Failing to provide food, shelter, clothing, supervision or health care necessary to a child's health or safety.
- 7. Engaging in actions or omissions resulting in a substantial risk to the physical or mental health or development of a child.
- 8. Failing to take reasonable steps to prevent the occurrence of the preceding actions.

Staff should report all incidents of abuse regardless of the age of the perpetrator(s). Children, family members or other adults can commit acts of child abuse, neglect or exploitation. This may include incidents of misconduct between students.

Subject to the definition above, staff should not focus on a person's mental status to determine if she or he has committed child abuse, neglect or exploitation. The law governing mandated reporting does not allow for exceptions for people with medical conditions that may mitigate the intent for committing such acts.

The superintendent will develop reporting procedures and provide them to all staff on an annual basis. The purpose is to identify and report all evidence of child abuse, neglect or exploitation to

the proper authorities in a timely manner. Staff will receive training regarding reporting obligations during their initial orientation and at least every three years after initial employment.

All staff members are responsible for reporting all suspected cases of child abuse, neglect or exploitation to the proper authorities and the appropriate school administrator. Under state law, staff are free from liability for reporting a reasonable suspicion of child abuse, neglect or exploitation. However, failing to report the incident may result in criminal liability regardless of whether the authorities determine the incident is provable in a subsequent legal proceeding.

Staff need not verify a report that a child has been abused, neglected or exploited. Any conditions or information that may be reasonably related to child abuse, neglect or exploitation should be reported. Legal authorities have the responsibility for investigating each case and taking appropriate action under the circumstances.

policies

### REPORTING CHILD ABUSE AND NEGLECT

The Bainbridge Island School District recognizes that child abuse and neglect are both a violation of children's rights and an obstacle to their educational development. For the purposes of this policy, child abuse and neglect shall mean the injury, sexual abuse, sexual exploitation, negligent treatment or maltreatment of a child or "vulnerable adult" by any person under circumstances that indicate the child's or vulnerable adult's health, welfare, and safety is harmed thereby. For the purposes of this policy, the definition for child abuse, neglect, sexual exploitation and negligent treatment or maltreatment is as identified in RCW 26.44.020. Vulnerable adults include developmentally disabled and/or incapacitated or dependent adults. Child abuse can include abuse by another minor.

The board requires that professional school personnel, as "mandatory reporters", meet their legal obligation to report to Child/Adult Protective Services (CPS/APS) and/or the proper law enforcement agency at the first opportunity, but in no case longer than forty-eight (48) hours, after they have "reasonable cause" to believe that a child or vulnerable adult has suffered abuse or neglect, provided that suspected sexual or physical assault against a vulnerable adult must be reported immediately to both APS and the proper law enforcement agency. "Professional school personnel" includes, but is not limited to, teachers, counselors, certificated support staff, administrators, childcare facility personnel, and school nurses. All other personnel and/or volunteers having reasonable cause to believe that a child or vulnerable adult has suffered abuse or neglect are to report as noted above or immediately bring the matter to the attention of a school or district administrator. During the process of making a "reasonable cause" determination, the school or district administrator shall contact all parties involved in the complaint.

Staff shall use the district's Child Abuse and Neglect Reporting Procedures, including completion of the Report of Student Abuse/Neglect Form, when they have "reasonable cause" to believe abuse or neglect has occurred.

Legal responsibility for ensuring a report is filed rests with the person who has reasonable cause to believe abuse or neglect has occurred. Any person who is required to report and who knowingly fails to report is guilty of a gross misdemeanor.

Staff need not verify that a child has in fact been abused or neglected. Any conditions or information that may be reasonably be related to abuse or neglect should be reported. Legal authorities have the responsibility for investigating each case and taking such action as is appropriate under the circumstances.

Certificated and classified school employees shall receive training regarding their reporting obligations under state law in their orientation training when hired and then every three years thereafter. Such training shall take place within existing training programs and related resources.

### Student Sports — Concussion, and Head Injury ies and Sudden Cardiac Arrest

### **Concussion and Head Injury**

The Bainbridge Island Board of Directors recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities.

The board acknowledges the risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed.

Consistent with Washington law, all competitive sport activities in the district will be identified by the administration. The district will utilize guidelines developed with the Washington Interscholastic Activities Association (WIAA) and other pertinent information and forms-to inform and educate coaches, youth athletes, and their parents/-and/or-guardians of the nature and risk of concussions or head injuries, including the dangers associated with continuing to play after a concussion or head injury.

Annually, the district will distribute a head injury and concussion information sheet to all parents/guardians of student participants in competitive sport activities. The parent/guardian and student must return a signed acknowledgement indicating that they have reviewed and understand the information provided before the student participates in any covered activity. Until this acknowledgement form is returned and on file with the district, the student may not practice or compete.

All <u>appropriate district staff</u>, coaches <u>including</u> and team volunteers will complete training as required in the district procedure. Additionally, all coaches of competitive sport activities will comply with WIAA guidelines for the management of head injuries and concussions.

Prior to their first use of school facilities, all private nonprofit youth programs must provide a written statement of compliance with this policy in regard to concussion and head injury with proof of insurance as required by RCW 4.24.660.

### **Sudden Cardiac Arrest**

The board of directors further recognizes that sudden cardiac arrest is reported to be the leading cause of death among young athletes. The district will work with the WIAA and the University of Washington Medical Center for Sports Cardiology to make available an online pamphlet that provides student athletes, their parents/guardians and coaches with information about sudden cardiac arrest.

To this end, the district will maintain a link on its website to the OSPI website where the online pamphlet will be posted.

Annually, prior to participating in an interscholastic athletic activity, students and their parents/guardians must review the online pamphlet and return a signed statement to the school documenting their review. This form may be combined with the annually distributed head injury and concussion information sheet referenced above.

Adopted: December 10, 2009 Bainbridge Island School District

The board will also work with the WIAA and the University of Washington Medical Center for Sports Cardiology to make available an existing online sudden cardiac arrest prevention program for coaches. Every three years, prior to coaching an interscholastic athletic activity, all coaches will complete the online program and provide a certificate of completion to the district.

All coaches, including volunteers, will complete training as required in the district procedure. Additionally, all coaches will comply with WIAA guidelines for the management of sudden cardiac arrest.

Prior to their first use of school facilities, all private nonprofit youth programs must provide a written statement of compliance with this policy in regard to sudden cardiac arrest with proof of insurance as required by RCW 4.24.660.
