

## **WELCOME TO BAINBRIDGE HIGH SCHOOL**

The staff and administration at Bainbridge High School welcome you to BHS for the 2022-2023 school year. We are delighted you will be a member of our student body. Our primary goal is to provide a nurturing environment for you to work and learn, and to have a very positive high school experience.

The material in this Student Handbook is to provide you and your parent with information that will assist you in having a successful year at BHS. Please take the time to review the information in the sections that follow and become familiar with its contents. As a student, you will be responsible for being aware of the information contained here.

We truly hope this will be a wonderful year for you, one filled with much success and great memories. If there is anything we can do to help you throughout the school year, please let the administrative staff in the office know. The office is in the 200 building in the main entry area, and we would love to see you at any time. Stop by and say "Hello."

## **EQUAL EDUCATIONAL OPPORTUNITY**

Attending the schools of Bainbridge Island is recognized as a right and responsibility for those who meet the requirements prescribed by law. No student shall be deprived of the right to an equal educational opportunity in whole or in part without due process of law.

No student shall be unlawfully denied an equal educational opportunity or be unlawfully discriminated against because of race, creed, religion, color, national origin, age, sex, sexual orientation, marital status, parental status, or physical, sensory or mental disabilities.

A student who believes that he/she has been unlawfully discriminated against because of national origin, race, religion, economic status, gender, sexual orientation, pregnancy, marital status, previous arrest, previous incarceration, or a physical, mental or sensory handicap should report the alleged discrimination within sixty (60) days to the principal, assistant principal, or school counselor. If this informal complaint is not resolved to the satisfaction of the complainant, a formal complaint may be filed.

The district will protect the rights of all persons involved in the complaint process including persons against whom the complaint has been filed, witnesses, and individuals who register discrimination complaints. All inquiries should be directed to the Bainbridge Island School District, Human Resources department.

**The complete Student Handbook will be reviewed with students during the first week of the school year and may also be viewed on the BHS website.**

## **BAINBRIDGE ACADEMIC PROCEDURES**

### **COUNSELORS/GUIDANCE**

Guidance services are available for every student in the school. These services include assistance with educational planning (courses, colleges, etc.), interpretation of test scores, occupational/career information, help with home, school and /or social concerns, or any topic a student would like to discuss with his or her counselor. If you wish to see your counselor, stop by the counseling office and sign up for a scheduled appointment. Parents wishing to contact counselors may make an appointment by calling 206-842-2913.

### **ACADEMIC HONESTY**

Honesty is a compelling principle by which we operate all aspects of student and school life. Academic honesty is highly valued at BHS. Students should not cheat or plagiarize, nor should they tolerate such among fellow students. Students do not receive credit for work that is not their own. Cheating is defined as an attempt to earn credit or receive a grade for coursework in a manner other than defined as acceptable by the teacher. Plagiarism is the taking of language, ideas or thoughts from another person or resource without acknowledging the source. Students who use plagiarized papers or projects or are involved in any other form of cheating will be subject to reduction in grades and/or disciplinary action for a first offense. Because of the serious nature of academic honesty, violations of this code may result in loss of credit for the assignment with a recorded failing grade. It may also entail loss of credit for the course with a recorded failing grade, removal from the course with a failing grade, and/or additional appropriate disciplinary action.

## **GRADING**

### **SKYWARD ONLINE GRADING PROGRAM**

All teachers at BHS utilize the Skyward Online Grading Program that is available via the school district's "family access" system to post student grades online. The use of the online grade posting system provides students and parents with student assignment/grade information throughout the school year.

The family access system provides students and parents with the ability to track student progress as well as the opportunity to monitor attendance and other student records. The goal is for each student to take responsibility for his/her learning. Students need to remain focused on their learning and not only their grades. Learning is a process. We encourage and support ongoing improvement, not just the current level of performance.

Staff members at BHS are committed to have our student online grades up to date on our progress report dates (mid-term & end of semester). A listserv message will be sent out to remind students and parents that grades for progress reports are posted and current. In between the mid-term and semester reports, student grades will be updated on a teacher-by-teacher basis as work is completed, evaluated and the individual grades posted.

### **PERMANENT RECORD**

Transcripts of each student are kept and filed indefinitely. Individual students and parents or guardians of students under 18 may request to see school records. Records cannot be released to anyone else outside the school without written consent of the student or parent. In the case of 18-year olds or graduates, only the student can give permission.

### **RECORD ACCESS**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

- (1) The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request

that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (Note: FERPA requires a school district to make a reasonable attempt to notify the student of the records request unless it states in its annual notification that it intends to forward records on request.)
- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW., Washington, DC 20202-4605.

Parent, step-parent with custody, or legal guardian has the right of access to his or her student's records until the student reaches his or her eighteenth birthday or enters an institution of post-secondary education. Parent/guardians who provide a signed statement to the effect that the student is a dependent as defined in section 152 of the I.R. Code of 1954 will be given access to the student's file.

For students less than eighteen years of age, information from a student's record file shall be communicated to the student when a request is accompanied by parental consent. Whenever a student has attained eighteen years of age, the permission or consent required of and the rights accorded to the parent with respect to student records shall thereafter be required of and accorded to the student.

### **REPORT CARDS**

Final semester grades will be posted in Skyward. This report card contains the student's grades and teacher comments. Mid-term reports are issued during the midpoint of each semester, at the end of the first and third quarters.

### **REPEATING COURSES**

Transcripts record all courses taken and all grades received. Repeated courses will not erase previously recorded courses or grades. If a class is failed and then repeated, the grade will be replaced in determining the 'GPA' but the original "F" will remain on the transcript.

### **STUDENT SCHEDULES**

#### **Withdrawal Policy**

Students are expected to stay enrolled in classes for the length of the course. Only under extenuating circumstances and with administrative review / approval will a student be withdrawn from a class. If a student must be withdrawn based on extenuating circumstances, the last day to be withdrawn from a class without penalty on the transcript is three weeks from the first day of the semester. If there is withdrawal during weeks four through six, the course will show as a "W" on the transcript. For all other withdrawals not listed here, further academic penalties (failure) are likely to occur.

## **ATTENDANCE GUIDELINES**

### **ATTENDANCE PROCEDURES**

At BHS, we want to empower students to value learning. To advance this goal, students need to be in class to receive necessary instruction and to have opportunities for discussion and critical thinking.

Students are expected to be at school, on time and attending all scheduled classes and programs. While we realize there are situations that may occasionally affect attendance, we ask parents and students to minimize absences, late arrivals, and early departures. This will optimize the learning environment and reduce the impact on the student, teacher, and classroom.

### **Absences, Late Arrivals, Early Departures**

**Approved reasons for excusing one of these include illness, medical appointments, religious observances and those listed in BISD policy 3122, found on the district website.** (BISD Policy 3122 includes: participation in a school approved activity, family emergency and court proceeding.) Reasons other than these should not be excused.

We must receive authorization from the student's parent/guardian regarding all absences from school, including late arrivals and early departures; the parent/guardian should call the Attendance Office (206-842-2918) or enter a notice on Family Access. **To be excused, notification of an absence from school needs to be received the morning of the absence or within 24-hours of the absence. Notice of a late arrival or early departure should be received well in advance of the arrival or departure time.** Not doing so may cause the attendance to remain unexcused or delay an early departure.

**Students arriving late to campus or leaving early must always sign in/out at the Attendance Office.** This is a safety measure in case of an emergency and it provides accurate recording of attendance. Not doing so will cause the attendance to be recorded as unexcused or truant.

**For students with an open period,** you must follow this sign-out procedure *before* leaving campus so we can account for you in the event of an emergency.

It is important to note that any absence resulting in a missed learning experience may have a negative effect on achievement. Students should not expect material covered during a student's absence to be "re-taught." Frequent absences, whether excused or not, may negatively impact a student's learning and ability to perform successfully in any course. For students to gain proficiency, they need to attend daily.

### **Becca Bill (Washington State Truancy Law)**

State law requires attendance at school during normal instructional periods. If a student has an unexcused absence from class or school, the parent/guardian will receive telephone and/or email notification. Excessive unexcused absences will result in filing a truancy petition with Kitsap County Court, as required by the Becca Bill. For details and additional information, please refer to the BISD website.

### **Pre-Arranged Absence Form**

If a student will be absent for 3 or more consecutive school days, s/he shall bring a Pre-Arranged Absence form to his/her teachers. Please allow 3-5 days to complete the form, which is available at the Attendance Office and on the BHS website.

### **Excused Attendance for Students 18-Years or Older**

Students who are 18-years or older are permitted by law to excuse their own attendance for three reasons: illness; medical appointments; or court appointments.

The student must fill out a form that is available at the Attendance Office. This requires the student to verify in writing the reason for the absence, late arrival or early departure. If the reason is not excused according to policy definition or if it is found to be false, the attendance will be deemed truant and disciplinary action will be taken.

### **Activity Absences**

Attending all class periods on the day of an athletic and/or club event, prior to the event, is the only way to ensure the student will be eligible. The following policy outlined below applies to athletic as well as club events. **Per the BISD policy: An athlete shall attend school for at least one-half day on the day of an athletic contest. Unexcused absences for any part of the day will result in the athlete being ineligible to participate in the contest on that day.** For an excused absence, the athlete may participate if he/she was in attendance for one-half or more of the day. Failure to do so could affect the student's ability to participate in the day's event. To avoid possible attendance related ineligibility under this section, parents and student-athletes should not schedule appointments (excused) for days with athletic contests. To reiterate, being present for all class periods on the day of an athletic and/or club event is the only way to ensure the student will be eligible.

### **Classroom Attendance Expectations**

Individual teachers may have additional attendance and participation expectations that they will communicate to their students. Failure to comply may result in disciplinary action and unauthorized time out of class may be recorded as truant.

### **Illness and Injury**

If a student becomes ill or injured during the school day, s/he must report to the nurse's office. Staff must confirm contact with a parent/guardian before the student leaves campus, otherwise, s/he will be considered truant.

### **Attendance Errors**

If a student feels a teacher reported the wrong attendance, the student should talk directly with the teacher no later than the next scheduled meet time to ask the teacher to contact the Attendance Office if a correction needs to be made. Changes can be seen in Family Access once this process is complete. Please allow 48 hours for changes to be visible.

### **Make-up work**

In the case of excused absences, it is the student's responsibility to contact his/her teachers to check on the assignments missed during the absences. The student must take the initiative to see that the work is completed within the appropriate amount of time.

### **Requests for home assignments**

If a student is ill, parents/students may request assignments from the student's teachers. In cases where it is known that the illness will be for an extended period of time, the parents should contact the counseling office.

## **GENERAL INFORMATION**

### **CONCERNS/COMPLAINTS**

Most complaints can be resolved by discussions between the complainant and the staff member. Should the matter not be resolved, a school administrator will attempt to resolve the issue. Every attempt should be made to resolve the problem at the building level. If the complainant is unable to resolve the complaint through the school administrator, the superintendent's office should be contacted. Refer to policy #4200, Community Relations, for additional information.

### **EARTHQUAKES**

During and immediately after an earthquake students should not attempt to leave the building. Students should immediately seek cover under tables or desks, or next to supporting walls. Keep away from window areas. When instructed by your teachers, proceed to your emergency evacuation area.

### **EMERGENCY EVACUATION**

**When the alarm rings:** Evacuate all buildings and report with your class to the appropriate emergency evacuation site. Return to class at the direction of your emergency evacuation site leader.

**How to evacuate a building:** Walk quickly and quietly to an assigned exit. Students move away from the building immediately, keeping clear of street, driveways and parking lots. Do not re-enter the building until you are directed to. Teachers will check to see that all rooms have been evacuated and then close all windows and doors before leaving.

### **FINES**

State guidelines allow schools to withhold grades, diplomas, and transcripts of pupils who have lost or damaged school property. The Revised Code of Washington, specifically RCW 28A.635.060, states: "Any school district whose property has been lost or willfully cut, defaced, or injured, may withhold the grades, diplomas, and transcripts of the pupil responsible for the damage or loss until the pupil or the pupil's parent or guardian has paid for the damages".

If you have a fine, checks should be made payable to Bainbridge High School. As soon as payment is received, the school will release transcripts or other requested documents.

### **HEALTH SERVICES**

**Please be sure the school has been given correct emergency contact phone numbers.** In the event of a medical emergency this information is critical. If a student must leave school due to illness the school will contact either the parent/guardian or emergency contact number before releasing the student to go home.

If a student should need to take medicine during the school day, the medicine can only be given according to the BISD Medication Policy. These guidelines state that **all** medication (whether it is prescription or "over-the counter" like Tylenol) must be accompanied by a written permission form signed by both the parent/guardian and a physician/dentist. The medication must also be brought to the Health

Room in a properly labeled container.

Please feel free to call (206-780-1386) or stop in and visit the Health Room with any questions or concerns. Our goal is to help students get and stay healthy so they can learn to the best of their abilities.

### **LIBRARY**

The library is open from 8:00 A.M. to 4:00 P.M. Books, magazines and pamphlets are available to the student for home use. Most books are checked out for a three-week period. Reference books and audio-visual materials may only be checked out for one week. Students will be charged for lost materials. Students failing to return items in the specified time will lose the privilege to check out materials, but may still use materials in the library. Misconduct in the library or abuse of the regulations may lead to the loss of the student's library privileges.

### **LOCKERS**

Student lockers are the property of the Bainbridge Island School District. Student lockers remain under the control of the school district at all times. Students assume full responsibility of a locker during the school year. The School District has a reasonable and valid interest in insuring that the lockers are maintained. For this reason, school authorities may conduct periodic general maintenance inspections at any time without notice, without the student's consent, and without a search warrant. During the course of this inspection, any illegal, unauthorized or contraband items discovered shall be confiscated by the administration and appropriate disciplinary action will be taken.

### **LOST AND FOUND**

Any student who has lost an item may contact the main office for help in possible recovery. Small 'found' items will be turned into the main office. Articles of value left in lockers at the end of the school year will be placed in the lost and found. Any articles unclaimed by the end of the school year will be given to charity.

### **VISITORS**

All visitors for school business are to check in at the main office for a visitor's badge. During school hours, Monday thru Friday, our campus is for staff, students and for those visiting for school business only. Our campus facilities – main buildings, court yards, stadium, tennis courts, and fields - are all closed to the public during school hours.

### **WASTE MANAGEMENT & RECYCLING**

BHS student and staff are doing their part to reduce waste, recycle, and compost. In the cafeteria, recycling stations are clearly color-coded to make doing the right thing really easy: **blue** for recycling bottles, milk cartons, cans and unsoiled paper; **green** for all food waste, napkins and soiled paper; **black or gray** is for trash – wrappers, greaseproof paper, metal foil, chip bags and anything else that is neither waste food nor recyclable.

Remember, anything that could have been eaten is organic waste that can get composted and turned into rich soil for the BHS garden. Metal, plastic, glass and paper can get recycled.

### **STUDENT CLUBS AND ACTIVITIES**

The Bainbridge School Board believes in and approves of a sound student activities program, including school related special interest clubs. Such programs can enrich the regular school program, offer opportunities for participation in democratic citizenship, stimulate cooperation, provide for social integration and open many opportunities for the development of leadership, individual interests and abilities. All school-sponsored activities must be under the supervision of a school employee. Students are required to sign the High School Participation Code.

School sponsored clubs or organizations must not be of a secret nature and must not be discriminatory in regard to race, creed, or color. The Bainbridge High School website includes a current list of ASB-approved clubs and activities.

### **ASB (ASSOCIATED STUDENT BODY) CARDS**

All students will have an opportunity to purchase an ASB Card at the beginning of school. Students with an ASB card will be admitted to **home** athletic events free and receive a discount on admission prices for dances and other activities throughout the school year. **Students wishing to participate in ASB sponsored activities (Sports and Clubs) must have an ASB card. Please contact your counselor if acquiring an ASB card creates a financial burden.**

### **ASB DANCES**

Dances are held throughout the year. The dances are chaperoned by administrators, staff advisors and parents. School rules regarding student behavior, use of tobacco and drugs/alcohol will be strictly enforced at all dances. Students who leave during the dance may not return to the dance.

### **SPORTS PARTICIPATION**

To participate in athletics at Bainbridge High School, all student-athletes must meet the following criteria prior to the first day of the sport season:

- 1) Academically eligible according to scholarship standards as determined by the WIAA. Please see the current WIAA hand-book online at [www.wiaa.com](http://www.wiaa.com) for details.
- 2) A current and up-to-date physical exam form signed by a licensed physician on file at BHS. Physicals are good for two years from the date of the exam.
- 3) Completion of registration through FamilyID, including understanding and agreement of the BISD Student Activities and Interscholastic Activities Code of Conduct.

The \$250 Participation fee must be paid prior to the first athletic contest.

### **WIAA INTERSCHOLASTIC COMPETITION**

#### **ACADEMIC ELIGIBILITY REQUIREMENT FOR BAINBRIDGE HIGH SCHOOL**

Students must have passed five courses the previous semester and be passing five in the current semester in order to be eligible to participate. For the purpose of this regulation, a participant shall mean any student who is involved in interscholastic competition with interscholastic sports. This includes but may not be limited to sports team members, cheerleaders, trainers, managers, and statisticians. A senior who is ahead in credits need only pass four classes in a previous semester provided that a schedule of four classes during the semester of athletic participation completes the requirements for graduation.

#### **Sportsmanship at Interscholastic Events:**

Attendance at an interscholastic event is a privilege and not a right. Students are expected to exhibit good behavior and rules of courtesy obeying all school rules that apply during regular school hours. Inappropriate conduct may result in removal or expulsion from interscholastic events and/or other disciplinary action by school officials.

League rules prohibit artificial noisemakers, confetti, and antagonistic or obscene yells, songs or signs. Signs must comply with league guidelines and are subject to removal by the administrative team. All spectators must be seated in the facilities provided for the event. Students are expected to show respect for the visiting school's student body and adult fans.

## **STUDENT CONDUCT**

A student who willfully performs any act, which interferes with or is detrimental to the orderly operation of school, a school-sponsored activity (on or off campus) or any other aspect of the education process within the school district shall be subject to discipline, suspension, or expulsion. Such acts shall include, but not be limited to, those listed and explained below.

### **ASSAULT**

A student shall not cause or attempt to cause physical injury or intentionally behave in such a way, as could reasonably cause physical injury to any person on the school grounds during and immediately before or immediately after school hours; on the school grounds at any other time when the school is being used by a school group; off the school grounds at a school activity, function, or event; off the school grounds when the prohibited behavior is a consequence of or directly related to causes or events which occurred or originated on school grounds; off school grounds when the student is enroute between house and school. An action undertaken in self-defense, or in the reasonable belief that it was necessary to protect another person, shall not be considered as an intentional action under this rule.

### **BUS REGULATIONS**

The bus driver is responsible for the enforcement of the transportation rules. The rules are available at the district office or the transportation office 206-842-4641.

### **CLOTHING AND DRESS STANDARDS**

Students' choices in matters of dress should be made in consultation with their parents. Student dress will only be regulated when, in the judgment of school administrators, there is a reasonable expectation that:

1. A health or safety hazard will be presented by the student's dress or appearance;
2. Damage to school property will result from the student's dress; or
3. A material or substantial disruption of the educational process will result from the student's dress or appearance. For the purpose of this policy, a disruption of the educational process may be found to exist when a student's conduct is inconsistent with any part of the educational mission of the school district. Prohibited conduct includes the use of lewd, sexual, drug, tobacco or alcohol-related messages, or gang-related apparel. The uniforms of nationally recognized youth organizations, and clothing worn in observance of a student's religion, are not subject to this policy.

BISD School Board [Policy 3224](#) and [Procedure P3224](#) outline the district's policy on student dress.

### **DAMAGE TO SCHOOL OR PRIVATE PROPERTY**

## C. COMPLAINT PROCESS

If directly informing the alleged harasser does not result in elimination of the offensive, unwelcome behavior, or if an individual selects not to directly inform the alleged harasser, the individual is strongly encouraged to report orally or in writing the allegations to a teacher, counselor, activity supervisor, or administrator. Confidentiality will be maintained to the extent appropriate.

All such complaints will be promptly and fairly investigated and, where appropriate, immediate corrective action will be taken.

The title IX officer may draft the complaint based on the report of the complainant for the complainant to review and approve. The superintendent or title IX officer may also conclude that the district needs to conduct an investigation based on information in his or her possession, regardless of the complainant's interest in filing a formal complaint.

b. The time period for filing a complaint is one year from the date of the occurrence that is the subject matter of the complaint. However, a complaint filing deadline may not be imposed if the complainant was prevented from filing due to: 1) Spe-

cific misrepresentations by the district that it had resolved the problem forming the basis of the complaint; or 2) Withholding of information that the district was required to provide under WAC 392-190-065 or WAC 392-190-005.

#### **EXPECTATIONS FOR USE OF PERSONAL COMPUTING DEVICES**

After submitting a signed network user agreement and with classroom teacher approval, students may use their own personal computing devices in the classroom to positively contribute to the educational process and mission of the district.

Students who bring their own personal computing devices to school must always be in compliance with District policies related to their use such as Policy 2022 Responsible Use of Electronic Resources, Policy 3200 Student Rights and Responsibilities, and 3706 Prohibition of Harassment, Intimidation, and Bullying. Students shall not send, share, view or possess pictures, text messages, emails or other material of a sexually explicit nature in electronic or any other form on cell-phones or other electronic device, while the student is on school grounds, at a school sponsored event, or on school buses or vehicles provided by the district. Students will only use appropriate technology at teachers' discretion. Students are permitted to access only the school's wireless network, not private networks, through personal devices when engaged in school-related events and activities. Private networks include but are not limited to, personal cellular data plans.

Possession or use of mobile computing devices may not in any way:

1. disrupt the educational process of the school district;
2. endanger the health or safety of student or others at school;
3. invade the rights and privacy of others at school; or
4. involve illegal or prohibited conduct of any kind.

Loss of access to personal computing devices can occur if the school becomes concerned about its appropriate use. Concerns may include but are not limited to: safety, potential for disruption to educational process, and security issues related to connecting a personal device to the district's network systems. If used inappropriately, students are subject to disciplinary action, including suspension or expulsion, and losing the privilege of bringing such a device onto school property. In addition, staff may confiscate or with reasonable articulable suspicion, can search the device. Content or images that violate criminal laws will be

turned over to law enforcement.

### **RESPONSIBILITY FOR USE OF PERSONALLY OWNED COMPUTING DEVICES**

Students are responsible for the devices they bring to school, on the school buses, and to school sponsored events. The District shall not be liable for the loss, theft, damages or misuse of any electronic device brought to school, possessed/used during the school day, in/on district buildings, district property, district vehicle or contracted vehicles, during transport to/from school, while attending school-sponsored activities during the school day, and/or/any/all school sponsored activities. The District will provide no technical support, troubleshooting, or repair for electronic devices. The District reserves the right to monitor, inspect, copy, and review a personally owned device or file when administration has a reasonable suspicion that a violation has occurred. The full policy and procedure regarding bringing your own personal computing device to school may be found in BISD 3245 Policy Bring your own Device and BISD 3245 Procedure Bring your own Device.

### **NARCOTICS, ALCOHOLIC BEVERAGES, AND STIMULANT DRUGS**

A student shall not possess, use, transmit, be under the influence of, or show evidence of having used any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicants of any kind: on the school grounds during, immediately before or immediately after school hours; on the school grounds at any other time when the school is being used by any school group, or off the school grounds at a school activity, function, or event. Violations to these rules may result in disciplinary action.

Use of a drug authorized by a medical prescription from a registered physician shall not be considered a violation of this rule, providing school district guidelines pertaining to the use of prescribed medications are followed.

### **PARKING**

Students are required to display a valid BHS student parking pass to park on campus. All students planning to drive a private vehicle to school must register that vehicle with Bainbridge High School. Information on how to obtain a parking pass will be communicated before school begins and, again, through the daily bulletin in the fall.

### **SKATEBOARDS**

Skateboards, scooters, and rollerblades are not to be used on school grounds during school or during the time immediately before/after school. Any use may result in confiscation and may result in disciplinary action.

### **SMOKING/VAPING POLICY**

The Bainbridge Island School District Board of Directors has established a no smoking/vaping policy for Bainbridge High School. Therefore, smoking vaping and other use of tobacco products on campus or at school related activities is prohibited. **Students choosing to be with a student who is violating the Smoking Policy will be considered a violator as well.** Violation of BISD 2121 Policy Student Alcohol, Tobacco and Drug Use will result in disciplinary action.

### **WEAPONS**

A student shall not possess, handle, or transmit any object that can reasonably be considered a weapon:

- on the school grounds during and immediately before or immediately after school hours;
- on the school grounds at any other time when the school is being used by a school group; or
- off the school grounds at any school activity, function, or event, or while enroute between home and school.

Education House Bill 1581 mandates a one-year expulsion for students who possess firearms on school grounds or at school events. This bill also allows districts to suspend students for one full year "if a student acts with malice and displays an instrument that appears to be a firearm on public school property, transportation, or other facilities when being used exclusively by public schools."

This rule does not apply to normal school supplies like pencils or compasses (when being used in the proper manner) but does apply to any firearm, any explosive including firecrackers, any knife other than a small penknife, and other dangerous objects of no reasonable use to the student at school.

### **CLASSROOM MANAGEMENT, CORRECTIVE ACTIONS, AND SANCTIONS**

Policy 3241 Student Discipline

Rules of student conduct are essential to maintain a school environment that is safe and conducive to learning. Students are responsible for following the rules of the district. A student's noncompliance with rules and regulations established for the governing of the school will constitute sufficient cause for discipline or corrective action.

Staff are responsible for supervising student behavior, employing effective classroom management methods and enforcing the rules of student conduct throughout the district in a fair, consistent and non-discriminatory manner. Corrective action must be reasonable and appropriate under the circumstances and reflect the district's priority to maintain a safe and positive learning

environment for all students and staff.

The district will post its discipline policy and procedure on the district website so that it is available for students, their parents/guardians, and the community. Students and/or their parents/guardians will be provided all required substantive and procedural due process in regard to grievances, hearings and/or appeals of corrective action. The district will also strive to provide trainings regarding policies and procedures related to student discipline for appropriate school and district staff whose duties require them to interact with students and enforce or implement components of student discipline. The district will periodically review and update this policy and its accompanying procedure.

The district will assist long-term suspended and expelled students in returning to school as soon as possible by providing them with a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion.

The district will annually collect and review data on disciplinary actions taken against students within each school. The data will be disaggregated into subgroups as required by RCW 28A.300.042 and will, include students protected by the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973. The review must include short-term suspensions, long-term suspensions and expulsions. In reviewing the data, the district will determine whether it has disciplined a substantially disproportionate number of students within any of the disaggregated categories. If disproportionality is found, the district will investigate to determine if it is the result of discrimination and, if so, the district will take corrective action as appropriate.

Further, detailed information on this may be found in **Procedure 3241: Classroom Management, Corrective Actions and Sanctions** on the BISD District website.

Where practical, organic methods are implemented before chemical controls are used, so that pests are kept at acceptable levels through effective, economical, and environmentally safe means.

**ASBESTOS MANAGEMENT INFORMATION:**

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970’s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA), which requires schools to be inspected to identify any asbestos-containing building materials (ACBM).

The Bainbridge Island School District developed an asbestos management plan in 1988 for each school, which is reviewed and updated regularly. Suspected locations of asbestos-containing building materials (ACBM) have been located, sampled, and rated according to condition and potential hazard. Along with bi-annual monitoring required by law, every three years, Bainbridge Island School District conducts a re-inspection to determine whether the condition of the known or assumed ACBM has changed.

At the same time, recommendations are made on managing or removing the ACBM. The district submits the six month periodic surveillance reports to the schools involved. A 3-year re-inspection was performed in October, 2020 which evaluated the condition of all identified materials listed in the Management Plan as ACBM (or assumed to be asbestos-containing).

The management plan includes information related to: notification of the availability of the management plan; the status of asbestos activities; education and training of employees about asbestos and how to deal with it; notification to short-term or temporary workers on the locations of ACBM; the posting of warning labels in routine maintenance areas where asbestos was previously identified or assumed; following set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and how to survey the condition of these materials every six months to assure that they remain in good condition.

Ordway, Commodore, and the older buildings at Bainbridge High School still contain ACBM although much of the original ACBM has been removed during previous remodels and upgrades. The Commodore Steam HVAC system was replaced over the summer of 2018 which made it necessary to remove (abate) asbestos in some areas of the building in strict accordance with the laws governing asbestos abatement. The district has no plans to remove, encapsulate, or enclose ACBM at Ordway or the BHS 300 & 400 Buildings during the 2022-2023 school year. The demolition and abatement of the replaced Blakely Elementary School and BHS 100 Building was completed in August 2019.

Based on their respective dates of construction and project specification requirements prohibiting the use and installation of asbestos containing materials, it is presumed that; Sakai, Woodward, Maintenance, Transportation, Administration and the new Wilkes, Blakely and BHS 100 & 200 buildings do not contain ACBM.

It is the intention of Bainbridge Island School District to continue to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees learn and work in a healthy and safe environment.

You are welcome to review the district's asbestos management plans. Copies of each building's plan are available at the school office. Please call Dane Fenwick, who is the School District's Designated Asbestos Program Coordinator, if you have questions about the District's Asbestos Management Program at 206-780-1454.

This notice is provided as required by law.
