# TEACHING & LEARNING

**GOAL:** All students will engage in learning experiences that empower them to become productive citizens of a diverse society who are committed to social and environmental justice.

**To reach this goal, we will:**

1. Ensure all students have access to a **challenging, relevant and inclusive curriculum** that helps them understand their world and build the knowledge and skills they need to shape their futures.

- a. Students will participate in learning experiences that develop understanding of world issues now and in the future.
- b. Learning goals and curriculum resources will be historically accurate and culturally inclusive.
- c. Students will develop transferable 21st century skills of critical thinking, communication, collaboration, and creativity.
- d. Students will develop skills in: learning and innovation; information, media, and technology; and life and career.
- e. We will incorporate into the K-12 curriculum opportunities for students to understand and think critically about current events, social justice, climate change, civic and social responsibility and other subjects important to their future.

# TEACHING & LEARNING - CONTINUED

2. Ensure all students develop the **skills and practices** to become agile, self-directed learners who can challenge themselves and meet their goals.

- a. Students will use goal-setting and personal reflection learning strategies to guide their individual learning.
- b. Students will be empowered to identify interests and explore diverse personal pathways through courses, career exposure and opportunities.
- c. Students will learn to take academic risks and become resilient, life-long learners.

3. Ensure all educators foster **student ownership** over their learning through **engaging instructional experiences**.

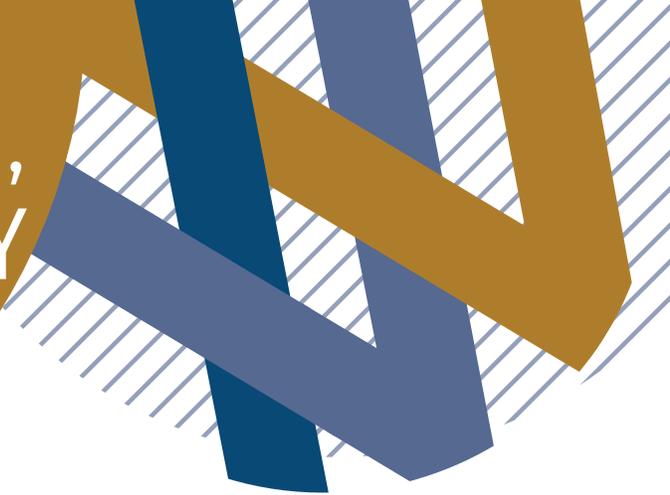

- a. Educators will develop instructional strategies that provide differentiated learning experiences for all students.
- b. Educators will design and use assessment strategies to promote student growth for all.
- c. Educators will develop student-centered lessons and offer opportunities for students to explore and develop areas of interest through expanded project-based learning and work-based learning.
- d. Teachers will help students understand the importance of what they are learning and how it applies to the real world.

4. Provide **individualized learning** that engages and meets the needs of our students.

- a. Continue to build upon BISD's work to implement Multi-tiered System of Support (MTSS)

5. Support educators in enhancing skills to create and use **culturally responsive teaching practices** to create learning experiences that promote student learning and growth for all students.

# EQUITY, ANTI-RACISM, INCLUSION, DIVERSITY & JUSTICE

**GOAL:** Bainbridge Island School District will ensure our students feel honored, welcomed, respected, and connected. We are committed to embracing and honoring our island's diversity and creating a vibrant and inclusive community. We will engage our community in becoming an anti-racist organization ensuring equitable access to learning, opportunities, and resources for all students.

**To reach this goal, we will:**

1. **Lead with equity** in our district's budget, policies and practices.
  - a. Adopt a school board equity policy.
  - b. Work to ensure that district-level decisions include and honor the voices of our stakeholder groups.
  - c. Allocate funds to support equity goals.
  - d. Conduct an independent equity audit of school district policies, practices and curriculum.
  
2. **Create an inclusive community** where all students feel safe, are honored and see their identities represented.
  - a. Ensure that staff are aware of and addressing implicit bias and are able to respond to discriminatory comments in class (e.g., race, ability, gender, identity, orientation, socioeconomic status).
  - b. Implement initiatives that appreciate and honor all students in books, curriculum, projects and activities starting in elementary school (e.g., books representing disability, race, LGBTQ, neurodiversity, etc.; LGBTQ alliances, allyship programs).
  - c. Provide facilities that are welcoming and accessible to all (e.g. consider gender neutral bathrooms).

# EQUITY, ANTI-RACISM, INCLUSION, DIVERSITY & JUSTICE- CONTINUED

3. Eliminate **institutional barriers** to maximize human potential, ensuring equitable access to learning, opportunities, and resources for all students.
  - a. Use proportionality indicators to measure student access to curriculum and resources (e.g., higher education, Special Education referrals, Highly Capable Program, discipline).
  - b. Eliminate institutional barriers that lead to disproportionality in course enrollment and program participation (e.g., ensure advanced level classes reflect the diversity of our student population).
  
4. Implement representative **curriculum** across all classrooms with fidelity to a district wide vision.
  - a. Use an equity framework to evaluate our curriculum.
  - b. Use curriculum materials and resources that are representative of a diverse community and create connections between and within groups.
  - c. Include equity, antiracism, diversity, inclusion and justice curricula throughout K-12.
  - d. Evaluate the feasibility of introducing an American Ethnic Studies course to the curriculum.
  
5. Ensure that the BISD professional community has a diverse workforce of committed professionals who are passionate about student learning, innovative, equitable and collaborative in their practice, and who are fully supported.
  - a. Use an equity lens when making hiring decisions.
  - b. Develop recruitment and retention plans to create a workforce that reflects the diversity of the community.
  - c. Provide opportunities to increase workforce diversity among people who live on Bainbridge and/or already work within BISD.
  - d. Require staff training related to topics promoting inclusion such as anti-racism, white privilege, culturally responsive practices, socioeconomic status, disability, and LGBTQ.
  
6. Promote student, family and community engagement.
  - a. Ensure student, family and community voice through real influence, decision making, ownership and partnerships.
  - b. Coordinate and communicate with families on an ongoing basis.

# HEALTH, WELL-BEING & SAFETY

**GOAL:** Bainbridge Island School District will focus on and develop students' social and emotional skills to lead positive and healthy lives with strong connections, feeling of belonging, and a sense of hope throughout their time in the Bainbridge Island School District.

**To reach this goal, we will:**

**1. Focus on student relationships.**

- a. Know each student by their name, strengths and needs.
- b. Provide professional development for staff in developing authentic relationships with students to achieve a healthy balance of social emotional health and academic success.
- c. Nurture students' relationships with one another.

**2. Implement a cohesive social and emotional health curriculum throughout K-12.**

- a. Identify grade-level appropriate benchmarks, indicators, curricula and resources to be used in schools.
- b. Create and develop tools and systems to ensure successful transitions between elementary, middle and high schools.
- c. Focus school improvement efforts on developing social emotional skills in students.
- d. Examine our K-12 health class and consent curriculum in conjunction with new state standards.

# HEALTH, WELL-BEING & SAFETY- CONTINUED

3. Identify and use reliable **indicators** of student social emotional health.
  - a. Solicit student voice and feedback to inform action steps.
  - b. Utilize multiple assessment measures to evaluate students' social and emotional health.
  
4. Understand the **neuroscience** and age-appropriate developmental levels of students and use that understanding to build resilience in students.
  - a. Provide professional development for understanding the development of the brain, and in using brain-based strategies for learning.
  - b. Train teachers to recognize and address the effects of trauma and Adverse Childhood Experiences (ACES) on students.
  - c. Develop executive functioning skills in students.
  
5. Partner with the **community and families** to meet the social and emotional health needs of BISD students.
  - a. Provide learning opportunities in the above mentioned brain-based practices for parents, community and students.
  - b. Develop and grow partnerships with community resources and families to provide for student needs.
  - c. Establish a district system for schools to be able to support one another, especially in times of crisis.
