

Welcome Back!

We look forward to serving you this year!

What is included in a meal?

Lunch is offered at all schools. Students may choose from 1% white milk, 100% fruit juice, items from the fresh fruit and vegetable bar, and a variety of main entrée items. All grain products are whole grain.

In order to count as a reimbursable USDA school lunch meal – of the five food groups offered (milk, fruit, vegetable, grain, meat and meat alternative) students must take what amounts to three servings out of the five groups, and a fruit or vegetable serving is required to be one of the three choices. If students choose differently than that the food will be charged at individual food item pricing rather than a meal price.

Breakfast is offered at all schools except Commodore Options School. Students may choose from 1% white milk, 100% fruit juice, fresh fruit, and a variety of breakfast entrée items. All grain products are whole grain.
