

The meeting is today from 3:30-5:00 in the Ordway Library.

Agenda:

- Kindergarten HC referral results
 - Process for referrals was discussed. Data used to identify included CogAT screener, HOPE scale, parent input, selected measures from WAKids Gold, and Fastbridge.
 - As in previous years fewer than 5 kindergarten students were identified as HC at this time.
- Presentation about high ability/low income student (Melinda Reynvaan)
 - Presentation about the disparity between low income and non low income students identified as HC. Currently >1% of identified HC students are low income.
 - Additional factors to consider during MDT process was discussed.
 - Melinda will prepare a presentation about other examples of evidence teachers can collect to help identify high achieving, low income students. She will present this to grade level teachers during upcoming early release.
- Parent and Staff Input form.
 - Changes to questions?
 - A few wording changes were suggested and acted upon
 - Timeline for gathering input
 - Determined. Window opened for approximately a month ending the last week of April.
 - Communication
- Mindset workshop March 22.
